How much life insurance do you need?

Everyone's situation is different, but the simplest formula for calculating how much life insurance you need is to multiply your gross annual salary by 10. However, you may find that you need more than that if you have other long-term financial goals and responsibilities. At the very least, you want to leave enough money so that your family isn't worried about how to pay the bills after your death. The more money you leave can help protect your loved ones for a longer period of time.

The following are also eligible for coverage:

If both you and your spouse or domestic partner are NYSBA members, you both should apply for coverage as a member. If both are insured as members, neither may insure the other as spouse/domestic partner and child coverage may be covered under only one certificate.
- Your dependent children between ages 15 days and 20 years old (through age 24, if a full-time student), unmarried and not in military service.

Volume Discounts – The more coverage you request, the more you can save! If you request an option of \$750,000 or greater, you'll receive a discount in rates.

Accelerated Death Benefit – The Accelerated Death Benefit provides the option of requesting an advanced one-time payment of 50% of in-force coverage during the 20-year term, if you are diagnosed as terminally ill². You may use the benefit payment to help pay for additional medical or personal care, household expenses, or in any other way you see fit.

Prior to applying to receive such benefits you should consult with the appropriate social service agency and seek the advice of tax counsel.

30-Day Free Look

Once your coverage is approved, you will be sent a Certificate of Insurance summarizing your benefits under the Plan. If you are not completely satisfied with the terms of the Certificate, you may return it, without claim, within 30 days. We will refund your entire premium contribution and invalidate your coverage.

Summary of Terms and Conditions

Effective Date – Coverage for the insured person becomes effective on the first day of the month following the date your application is approved, provided the initial premium is paid within 31 days after billing and any person proposed for insurance is performing the normal activities of a person in good health of like age [NC residents: a person of like age] on the approval date.

If the person proposed for insurance is not performing the normal activities of a person in good health on the effective date, coverage will become effective on the day that person is performing normal activities, provided such day is within three months of the date insurance would otherwise have taken effect. For dependent insurance, the member insurance is in force on that day; and the proposed person is still eligible to obtain the insurance on that day. Payment of a premium contribution does not mean coverage is in force.

Plan Limitations – The covered person's death benefit will be limited to the total sum of the premiums paid if the insured person commits suicide within two years of the date coverage was issued. In addition, the validity of any amount of insurance which has been in force for two years during your lifetime will not otherwise be contested except for insurance eligibility provisions or non-payment of premium contributions.

When Insurance Ends – Coverage will remain in force until the earlier of the following: you reach age 80; you fail to pay premiums when due for any person

covered; you discontinue your NYSBA membership; the Group Policy is terminated by NYSBA; the Group Policy is modified to exclude the class of insured in which you belong; or you elect to end coverage. Employee coverage will end when the insured is no longer employed full-time by a NYSBA member. Coverage for your spouse/domestic partner ends on the premium date which coincides with or follows the earlier of: the date your insurance ends or the end of the premium-paying period during which a) your marriage ends in divorce or annulment; b) the date your domestic partnership ends; c) your spouse/ domestic partner becomes an insured member; or d) your spouse/domestic partner turns age 80. Dependent coverage will end when the eligibility requirements are no longer being met or upon termination of the member's coverage.

Continuing Your Coverage After the Term – If you continue to meet the eligibility requirements, you can re-apply for 20-year level term coverage at the rates and underwriting guidelines in effect at the time of application. Or you may continue your existing coverage until age 80, but on a non-guaranteed rate basis. You will not be required to re-apply for coverage and submit to medical underwriting if you choose this option, but your premium will increase according to your age.
